Thank you Joe,

I am sending some info to Mike, on my idea for encapsulating Hazardous waste into 9,960 Geopolymer blocks.

Perhaps we can do the same for the pollution there.

regards
JohnO

Dear Mr. Olsen:

No work has yet begun under the agreement that was signed yesterday for the Columbia Falls Aluminum Company site. I am copying Mike Cirian (phone (406) 293-6194, email cirian.mike@epa.gov) on this response to you. Mike is the EPA Remedial Project Manager for the Columbia Falls Aluminum Company site and would be the best suited to providing updates on the progress of investigations. We currently anticipate that field work will begin next spring or summer, as weather conditions permit. Thank you for your interest and please let me know if there is any further assistance I can provide.

Thank you,

Joe
